

CHAUTAUQUA
BANNER DAY

Rev. Sam Small, Lectures at Chautauqua—Dr. Wickersham Tonight.

Glee Club Makes a Hit—Lecture by Dr. Hill on "One sided People."

Last night the tent was again filled and the audience was well pleased with the program. Dr. H. G. Hill, manager and platform superintendent of the Chautauqua, delivered a splendid lecture on the subject, "One Sided People." His lecture was highly commented upon today. In place of Dr. Daugherty, who could not be present, Mr. and Mrs. Noah Beilharz entertained the audience with musical numbers and impersonations. Bill Bone recited his poems, "See What's Going On," "Me and Flo," and "Simon Says Thumbs Up." He made a great hit and was loudly applauded at the close of each selection. The Chicago Glee Club made its first appearance and won great favor. The club's singing and its instrumental music are far above the average. It is one of the best attractions that has ever visited our city.

Tonight the club will give several selections and Bill Bone will recite more of his poems. A large crowd is expected to turn out to hear Dr. Wickersham.

The entire forenoon and part of the afternoon today was taken up with the teachers' institute. About two hundred teachers and their friends attended the institute this morning. Besides the talks by Dr. Shaeffer and Supt. Coffman, Prof. Smith, of the Winona Technical Institute, gave a

DR. H. G. HILL,
Manager and Platform Superintendent,
Who Lectured Last Night.

short talk on "Industrial Education." A number of book men and men representing various educational institutions are in attendance at the institute. The subject of Supt. Coffman's talk this morning, was "The Recitation."

The program for tomorrow is one of the strongest of the week. The entire forenoon and part of the afternoon as usual will be taken up with the institute. The Chautauqua program opens at 2:30 p. m., and is as follows:
2:30—Prelude—Chicago Glee Club.
3:00—Lecture—Wickersham.
7:30—Prelude—Glee Club.
8:00—Lecture—"Does Education Pay," Dr. N. C. Shaeffer.

KICKED BY AN
ANGRY STALLION

Horace Glidden, of Washington township, on entering a stall in his barn to feed a stallion, was kicked in the face, the blow laying open the flesh from the temple to the chin and mashing the entire cheek. He was rendered unconscious, but fell clear of the horse's heels. It is believed that he will recover.

STRANGER'S BODY
STILL UNCLAIMED

Richard Howard Will be Buried Tomorrow if Relatives do Not Come

The body of Richard Howard, who died Monday night at the county jail, still lies unclaimed at Caldwell's undertaking establishment. Another effort was made today to get some of the man's acquaintances at Indianapolis to come here and take charge of the body, but to no avail. In case no one arrives by tomorrow afternoon to claim the body it will probably be buried either in the upper graveyard or in the cemetery at the county poor farm.

RUSHVILLE MAN
GETS PRESIDENCY

Isaac Miller, of this City, Now at the Head of State P. O. S. of A.

Isaac Miller, of Washington Camp, Patriotic Sons of America, of this city, was Tuesday elected State President at the meeting of the State Camp in Indianapolis. The selection of Mr. Miller is a high honor to himself and reflects great credit on our city. Mr. Miller is one of the most enthusiastic and earnest workers that the P. O. S. of A. have in Indiana, and we predict that he will make one of the most efficient and energetic State presidents that the lodge has ever had. Another Rush county man, T. A. Reed, of Glenwood, was elected State conductor.

The convention at Indianapolis, lasted for two days. The other officers elected were: Vice president, A. E. Shirley, Indianapolis; master of forms, C. H. Oldham, Lyon Station; secretary, S. D. Symmes, Crawfordsville; assistant secretary, Edgar A. Rice, Crawfordsville; treasurer, Harry R. Mitchell, Indianapolis; inspector, Frank Green, Indianapolis; guard, James M. Birchfield, Indianapolis; trustees, N. A. Miller, C. O. Munday and N. P. Willis.

The convention voted to hold next year's meeting at Crawfordsville.

OUTRAGE ON
RUSSIAN WOMAN

Soldiers Give Miss Smirnoff Twenty-Seven Lashes for Making Sneering Remarks

[Special to the Daily Republican.]

St. Petersburg, August 15.—Intense popular indignation has been created here by the brutal treatment of Miss Smirnoff, a refined young woman, at the hands of the crack Chevalier Guards. While a squadron of these guardsmen was passing, Miss Smirnoff, who was accompanied by another young woman, remarked, "They are as gay as if they had captured Port Arthur."

Pedestrians hearing the remark repeated it, and a crowd collected and joined in the jeering. The commander of the calvarymen suddenly wheeled his squadron and gave the command to charge with drawn whips.

Miss Smirnoff and her companion were taken to the barracks, where troopers in the presence of two officers administered to her twenty-seven lashes with their whips. The girl's clothing was cut as if by knives by the wire thongs of the whips, and her flesh was horribly lacerated.

Flying fish of two distinct kinds are known to man—namely the flying-gurnards and the flying herrings.

RUSHVILLIANS
ARE IN CAMP

The Trip to Algonac Michigan, Was Enjoyed by Entire Party.

Party Had Time Getting Through Ferry Gates on Arrival—The Resort.

[Special to the Daily Republican.]

Algonac, Mich., August 15th.—The fifty-one Rushville people who took advantage of the excursion to this resort for a ten day's outing, arrived safely and well and are now in camp in the Indiana reservation.

The party left Indianapolis shortly after 7 o'clock Monday morning. One car was occupied exclusively by Rushville people. The train stopped at Muncie and Toledo, O., for water, orders and a change of engines, and arrived at Detroit at 6:40 p. m. Monday. The boat engaged for the excursionists was in waiting a short distance away and left shortly afterward for the camp on Russell Island.

The boat was greatly enjoyed. During the trip the party was impressed with the luxurious appearance of the club houses along the way and especially the St. Clair flats on Bell Island, which is the most notable of the summer resorts in this vicinity. Russell's Island is in every way a natural resort. The parks are very picturesque with their beautiful gravel driveways winding about the grounds under the cool shade of hundreds of pretty trees. Several beautiful streams flow through the parks, spanned by large bridges artistically built of boulders. The land slopes from the banks of these streams on all sides and the crests of the hills are adorned with cozy summer cottages, surrounded by beautiful shade trees and well cut lawns. There is a light house on the island that adds to the picturesqueness of the scenery. The parks are filled with vines that wind about the trees and through the limbs, and rustic chairs, swings and other things that go to make an outing place complete.

The boat passed thirteen hotels and a large number of cottages.

There was but one in the party from Rushville who did not enjoy the trip on the boat. Miss Sallie Adams was taken sick but was not seriously affected.

The party landed at Algonac at 9 p. m. Monday night, and landed by launch, as the boat could not land.

When the excursionists reached the gateway leading to the ferry, which carries people across to the island, but one person could get through at a time. By the time 602 people from 32 counties in Indiana had passed through that gateway, one at a time, it was rather late. The trip across to the island was made in a short time, however, and the Rushville crowd was soon established in camp.

The Rushville people spent Tuesday morning at the Indian reservation at Walpole, Ontario, located across the river from the island. Great interest was manifested in the Indians and their mode of life. Many of the party left the reservation and went back to the city of Algonac in a launch where dinner was had at one of the hotels.

NATURAL GAS CO.
GETS GOOD WELL

Connorsville Company's Well on Morgan Farm, in Washington Tp. Shot Yesterday

The Connorsville Natural Gas company shot a new well Tuesday on J. A. Morgan's farm in the northern part of Rush county. The well is a good one and shows a pressure of 325 pounds or more. This is the tenth well for the company during the past year and work on another will begin soon.

FAST TIME ON
TRACTION LINE

Special Car Runs From Fountaintown to This City in 20 Minutes

Some remarkably fast time was made on the Indianapolis & Cincinnati traction line Tuesday afternoon with the special car which took the remains of the late Ernest Shanklin to Anderson for burial. The car was, on its return trip to this city, in charge of Motorman Schrader and Conductor Brown. The run from Fountaintown to the Dagler switch at the western edge of the city, a distance of 19½ miles, was made in twenty minutes without stopping. The same car carried the funeral party to Anderson over the I. U. T. line.

CONCERTS IN THE
CITY AT NIGHT

Rushville Band Will Give Two During Week of the Fair.

Provided that the merchants and leading citizens of the city will contribute toward the expense, the Rushville Concert Band, Heber H. Allen, director, will give two open air concerts in the downtown districts of the city of evenings during the week of the county fair. There will be some expense toward giving these concerts in the way of music, lighting and platform, and if the band is encouraged to the proper extent arrangements for the concerts will be made. There is no doubt that two evening concerts in this city during the week of the fair will prove of great benefit to practically all of the merchants in town.

WAITRESSES GO
ON A STRIKE

Guests at McFarlan Hotel Wait an Hour Until One Girl is Discharged

While fifty guests impatiently waited in the dining room of the McFarlan, the leading hotel of Connorsville, at the noon hour, Tuesday, no food appearing to satisfy their increasing appetites, Proprietor V. K. Brown faced a delicate situation.

A delegation of white-aproned waitresses boldly confronted their employer and demanded their wages. They were on a strike. The trouble was over a waitress, Ethel Homer, who is said to have figured in a disreputable escapade last Sunday. Monday, the girls told Landlord Brown that he must discharge the Homer girl. This he refused to do and the strike followed. After the guests had waited an hour and were beginning to leave Brown discharged the Homer girl and the waitresses went back to their work.

WESTINGHOUSE
CO. FILES LIEN

The Westinghouse Electric & Manufacturing company, of New York, has filed a mechanic's lien with County Recorder E. B. Louden against the Indianapolis & Cincinnati Traction company for \$90,688.81 and covering all of the company's property, rights, franchises and privileges. The lien is for money yet due the company on materials and electrical equipment furnished for the building of the road.

GOING OVER
THE OLD ROUTE

Adam Brown, of Greenfield, Carried Mail in Rush and Shelby Counties

Making the Trip Again as in His Boyhood Days, 50 Years Ago

Adam Brown, an aged and wealthy farmer residing south of Greenfield, but fifty years ago, a mail carrier of the old school in this county and in Shelby, is making a curious visit in Rush county at the present time in keeping with his eccentric habits, and in an old wooden-axle buggy is going over the mail route of his boyhood days from Shelbyville to Blue Ridge, Moscow, Milroy, Richland and Andersonville. Full of life as a boy in his teens and bent only on carrying out his project on which he has dreamed for the past score of years, he arrived in Shelbyville Monday afternoon, and after visiting the postoffice and hunting up a few of the friends he knew there half a century ago, he left, expecting to make his first stop at Blue Ridge, where he spent the night and then going to Moscow, and thence to Milroy, Richland and Andersonville. A curious visit it is indeed, for the old man, as under the changed condition of the country he will find but few things suggestive of the old life when he had to make his way over muddy roads and across the fords of streams the greater part of the year on horseback. Instead there are graveled pikes and iron bridges and level stretches that will hardly jolt or jar his rickety old buggy, are production of the ones he used during the dry season of the year in the mail carrying days of yore.

Admiral Brown, now of Indianapolis, was a brother of Adam's father, Geo. W. Brown, and back in the 50s the former was mail supervisor for the State, and it was through him that the father of Adam obtained an eight-year contract for carrying the mail over the route mentioned, most of which was done by Adam, who as a boy thoroughly enjoyed the two days' trip to Andersonville and return. During most of the time he acted as the mail carrier. The trip to Andersonville was made but once a week, on Friday and Saturday.

NEW TRAIN BEATS
ALL THE RECORDS

C. H. & D. Train, Runs From Indianapolis to Hamilton in 1 Hour and 50 Minutes

Rushing along from Indianapolis to Hamilton, a distance of almost 100 miles, at the record-breaking speed of almost one mile a minute, engine No. 339, pulling five heavy Pullman coaches, pulled into the Hamilton depot at 12:32 Monday afternoon, after having covered the stretch in one hour and fifty minutes, actual running and breaking every record previously made by the C. H. & D. railroad.

The engine was in charge of Engineer Sullivan and Fireman Johnson, and the train was under the direction of Conductor Limbert. The new train is the result of a railroad war between the Big Four and the C. H. & D. railroads, in an effort to land passengers at Cleveland and Put-in-Bay and the lake country. The big train pulled out of the Indianapolis depot at 10:32 and made but two stops, one in this city and one at Connorsville. Near Brownsville, two slow downs were made. The fastest train heretofore run over the road has not made the trip in less than two hours and fifteen minutes, so that the special train has gained about twenty-five minutes in making this trip.

CONSTRUCTION CO.
HAS MOVED AWAY

Long String of Wagons in City Today on Way to Beech Grove.

The Kinser Construction company, of Terre Haute, which has been at work on the grade for the I. & C. extension to Connorsville for the past year, and which has just completed work on the big fill at Big Williams Creek, left today for Beech Grove, near Indianapolis, where it will do the excavating for the New York Central's new car shops. The outfit is traveling overland. There are twenty-six gravel and dump wagons in the train, loaded with the camp outfit. The wagons are drawn by over one hundred head of horses and mules.

TO STOCK FLAT-
ROCK WITH FISH

Blue River Will Also Get a Share—Thirty Gallons of Finny Tribe

The department of fisheries at Washington has notified the Indianapolis, Columbus & Southern Traction company that a special car will be through to Columbus, Ind., within sixty days, carrying fish from the department. The department will leave thirty gallons of black bass at Columbus and sixty gallons of the same variety of fish at Edinburg. The bass received at Columbus will be used to stock Flatrock river, near the interurban bridge, north of that city, and the fish received at Edinburg will be used to stock Blue river and Sugar creek. The road is putting fish in these streams to make them more popular as fishing places.

One of these streams flows through Rush county, but it is hardly likely that many of the bass will ever get up this far.

MORRISTOWN WANTS
MATER WORKS PLANT

The Town Council and citizens of Morristown are co-operating for the purpose of putting in an electric plant and water works, to cost \$10,000. A delegation consisting of the council and five other citizens, inspected the Rushville electric plant last night, and were well pleased with the plant, although it was evident that municipal ownership of a plant is hardly paying in Rushville.

WILL RAISE THE WOOD
TO MAKE ITS MATCHES

The Diamond Match company which is a great monopoly, has bought a forest of 80,000 acres in the Sierra Nevada, where it proposes to raise, according to an intelligent system of forestry, the wood out of which it will make its matches. This means that it can make all the matches that the United States can use, and at the end of fifty years have more growing wood on its reservation than when it began. This is what the match manufacturers of Sweden and Germany have long done, and there is no country more favorable to an experiment of the kind than the United States.

The Emir of Afghanistan recently discovered that three of the muftis of his court had been grafting, and also had been guilty of oppressing the poor. He ordered them buried alive, and they were, without delay.

A CLEAN TOWN
MEANS HEALTH

Streets, Alleys, and Lots Should Receive Thorough Cleaning

The City Health Board Starts Crusade Against Unsatisfactory Conditions.

The subject of cleaning up, planting flowers, etc., has been talked of so much that it has almost become a "chestnut" to many newspaper readers, yet there is nothing so important to the city of Rushville just at this time as the beautifying of the city. Alleys and streets should be thoroughly cleaned by the city authorities, this should be followed by a general cleaning of every vacant lot, lawn, back yard and the entire premises surrounding the residence. A general cleaning just now will mean the improvement of health conditions, and will improve the appearance of the city more than you would suppose.

There are now tons of ashes, manure, old tin cans and other debris in the alleys all over the city. Vacant lots are covered with debris that if left to rot and effervesce in the hot sun will mean much disease and sickness which can be avoided by removing it to the garbage furnace or to some point outside the city limits. The former custom of hauling it to some vacant lot in a sparsely settled district should not be permitted. Here it is as dangerous to the residents surrounding the "dump pile" as if it had been left in the alley where it originally belonged.

The city health board is seeing to it that all closets that are full or nearly so, are cleaned and put in the best sanitary condition possible, and that all debris that has collected on lots, etc., is raked up and either burned or hauled away. All citizens should look carefully after the sanitary conditions about their premises. By doing this you will not only be protecting your own health, but that of your neighbors and friends as well. Attention to these little matters at once may save the city from an epidemic of typhoid fever, and a number of lives perhaps, one of your own family.

MORRISTOWN MAN
HAS BANDIT'S GUN

The revolver, with which Cole Younger, the noted bandit shot to death one of his pursuers the day he and his men looted the bank at Northfield, Minn., is now the property of C. T. Coleman, of Morristown. It was sent him by his brother, who received it from a chum who assisted in the capture of the bandits. The gun is of the German type, pin fire, and is 44 caliber. The barrel is about 10 inches long.

BY THE WAYSIDE

A young lady in Northwest Rushville who has been "keepin' company" with a certain young man for some time was called upon unexpectedly to entertain him one evening recently, and showing him to the parlor, excused herself, first giving him the Ladies' Home Journal, which was filled with June brides and all about weddings and other suggestions for marriage ceremonies, etc. The young man was considerably alarmed, and is wondering whether the choice of literature was intentional or, as he expresses it, "What in thunder was she 'luding at'?"

According to the United States Geological Survey, the production of anthracite in 1905 amounted to 69,329,152 tons, valued at \$141,879,000.

All Hallows church, Exeter, England, 700 years old, has been torn down in order that a street may be widened.

Backache

Any person having backache, kidney pains or bladder trouble who will take two or three Pine-ules upon retiring at night shall be relieved before morning.

The medicinal virtues of the crude gums and resins obtained from the Native Pine have been recognized by the medical profession for centuries. In Pine-ules we offer all of the virtues of the Native Pine that are of value in relieving all.

A vote for the Republican nominees for congress this fall is the most direct endorsement the people can give President Roosevelt's legislative plans which a Republican congress so ably enacted into law.

Many of the young men who leave the farm because they think they can do better in the city, are the victims of illusion, and unfortunately, of a kind seldom cured except by experience. Probably they are not aware that 90 per cent of those who branch out into general business fail to accumulate any considerable wealth, while the positive wreckage in means, health and comfort is large. A farm is never monotonous to a good farmer. It is rather a book of fresh interest each succeeding day. A surplus at the end of a year is the rule on the farm; in the city a surplus is the exception, and the style of family living, on the whole, is in favor of the country. But statistics show that plenty of boys remain on the farms. The farming population of the United States in 1900 was four times as large as in 1850, and the value of their property increased five-fold, or from \$4,000,000,000 to \$20,000,000,000.

The first of a series of attacks which the federal authorities are to make on that great combine—the Standard Oil Company—is the indictment of that

trust by the United States grand jury at Chicago. This prosecution of the case against the Standard will show that President Roosevelt is in earnest in his war on the trusts. The law-breakers, high as well as low, will be brought to justice. Neither wealth nor powerful friends or associates will shield the offenders when proven guilty.

At this moment the government's machinery for assailing offenders of all sorts against the federal statutes is in good working order. The heads of all the departments are alert in putting the corrective machinery in operation in their own field. Secretary Hitchcock's good work in this direction has been applauded by the country. The task of assailing the trusts, which is being prosecuted by the department of justice and the department of commerce and labor, will also win the country's favor. Those who have charged that the Standard Oil company was immune to attack by the government will change their tune. The Standard is being hit hard, and the attack upon it is only beginning. Incidentally the government's assaults on the Standard and the other trusts will make hundreds of thousands of votes for the Republican party in the congressional canvass of 1906.

A CLEANING PROPOSED

State Board of Health Makes Suggestions for City Sanitation.

Indianapolis, Ind., August 15.—The Indiana board of health has drawn up a model ordinance for the control of slaughter houses, butcher shops, meat and fish markets and eating houses. Copies of the ordinance will be sent to all the cities of the state with a note suggesting its adoption or the adoption of a similar measure. The smaller towns will not be asked to adopt it because many of its provisions could not be carried out. The section dealing with the slaughter house question is in line with the strict requirements that are being made for packing houses in the larger cities. The board is of the opinion that the slaughter houses in smaller places which furnish meat for home consumption are in need of strict regulations as much as are the larger establishments that send most of their meats to other places. The ordinance is also strict in its requirements regarding eating houses.

"We don't want to nominate that man Nicholson," remarked a delegate at the convention of the Marion county Democracy to choose state representatives and senators, yesterday afternoon. "He is the author of the Nicholson law." "No, he isn't," said another delegate. "He lives in a big house up here with a thousand windows. He's an aristocrat." Chairman Spaan, who presided over the meeting as well as the congressional convention, explained that the Nicholson who was a candidate for representative was the author of "A House of a Thousand Candles," and not of the Nicholson law, but it made no difference—he was defeated, anyway. Dr. Frank Morrison was chosen for state senator by acclamation. Former Judge A. C. Ayres, an attorney; Reginald H. Sullivan, an attorney; Charles F. Maas, a traveling man; Bernard Kelley; John F. Finn, an undertaker; John F. White, and Clarence Gaumer, secretary of the Central Labor union, made up the list of candidates for representative. The nomination of Gaumer it is thought will help secure the labor vote. It has been openly talked that organized labor would make a fight against Representative Overstreet, the Republican candidate for congress, and many of the Democratic leaders for that reason favored Perkins for congressional nominee. However, it was thought the conservative element would be better pleased with the nomination of Gavin. Gaumer was nominated as a concession to the labor interests. National Chairman Thomas Taggart, with his usual sunny smile was present at the convention, and with Joseph T. Fanning, his close personal and political friend, watched the wheels revolve. Secretary Joe Reilly of the Democratic state committee was also on hand ready to drop a soothing word if things became stormy.

Frank E. Gavin was nominated for congress by the Democrats of the Seventh Indiana district in convention Tuesday afternoon. He was chosen by a vote of 141½ to 90½ over Edgar A. Perkins, president of the State Federation of Labor, who was an avowed candidate for the place. Henry N. Spaan was chairman of the meeting, which was called to order by Joseph T. Fanning, district chairman. Mr. Spaan made a speech in which he said that Roosevelt and Bryan were the two greatest reformers on earth. The names of both men were heartily cheered by the Democrats assembled in the hall. Mr. Spaan gave Bryan the praise for the reforms which Roosevelt has carried on, saying that the Nebraskan is the originator of most of the ideas that have made the Roosevelt administration famous. Mr. Spaan then went on and flayed the bosses of both parties, and especially of Democracy. He made a plea for harmony and the rule of the rank and file. After the convention he explained that he had intended no reference to Mr. Taggart when he spoke of bosses.

TWO MILES LONG A PLUCKY AGENT

Was the Great Parade of the Grand Army Veterans Today.

THOUSANDS IN LINE

Despite the Rapidly Depleting Ranks of the G. A. R. Fifteen Thousand Veterans Toed the Scratch.

Annual Encampment at Minneapolis Is Proving to Be One of Unusual Interest.

Minneapolis, Aug. 15.—The great parade of the survivors of the Grand Army of the Republic was held today and a holiday was declared throughout the city. About 15,000 men were in line. The parade started at 10 o'clock and the line of march was about two miles in length.

Despite a somewhat hot and sultry day the reunions of the various regiments planned for yesterday were carried through with great success. There was not a floor in any of the hotels nor a hall in the city which did not hold the survivors of some organization that was in the field during the war. Some of the gatherings were largely attended, but others were confined to not more than a half dozen of the original regimental members. The reunions in the majority of cases did not last for any length of time, and the veterans were soon on their way to visit some of the points of interest about the city. Receptions were also held by members of the Ladies of the Grand Army, the Woman's Relief Corps and other organizations of a similar character, all of them keeping open house throughout the day. The feature of the evening was a large campfire held in the auditorium, which packed the structure to its utmost capacity. Addresses were made by Governor Johnson, Commander-in-Chief Tanner, R. B. Brown of Zanesville, O., a candidate for the honor of being the next commander of the Grand Army, and a number of others.

The fight for commander-in-chief has become active and bitter. Many copies of a circular attacking the war record of a prominent candidate, were handed around. The circular was not signed, and Captain Coney declared that the attack was so utterly baseless as to be beneath his notice. He contented himself by giving it a simple denial and referring associations who desired information as to his war record to the history of the 11th Infantry.

It is the intention of the members of the Ladies of the Grand Army to offer a resolution in the business meeting of the Grand Army urging the purchase of the McClean house at Appomattox for the purpose of converting it into a national museum. It is said that the plan has met with favor on the part of the Confederate veterans, who have offered to aid in the project.

THE SAME OLD STORY

Evidence of a Woman in the Case of Bank Wrecker Stensland.

Chicago, Aug. 15.—Testimony indicating that extensive preparations for flight were made by President Stensland and that a woman entered into these preparations was secured by Assistant State's Attorney Olson through the cross-examination of Mrs. Ellen McCracken, housekeeper for Stensland. It was learned that Stensland took with him in trunks and boxes sheets and other bedding, towels, window curtains, carpets, rugs and a silver dinner set. Some of this is said to have been traced to Baraboo, Wis., but the big trunk said to have been taken by Stensland, the detectives have not been able to get a trace of. The large trunk is said to be three feet high and bound with iron. The box traced to Baraboo weighed 375 pounds when it was placed on an express wagon at the Stensland home the day of the flight. Telegrams have been sent out all over the world to detectives to look for the big trunk.

Will Have to Walk to Coney.

New York, Aug. 15.—Following the arrest last night of three division inspectors of the Brooklyn Rapid Transit company on charges of assault in the third degree, the company shut off entirely all of its surface lines leading to Coney Island, taking the position that this was the only way to stop rioting, which has been in progress since Sunday morning at the points where a second fare was demanded by the company's employees.

Town Narrowly Escaped.

Laporte, Ind., Aug. 15.—A mysterious fire at Watahah destroyed Henry J. Mann's and Fred Gregor's saloons and the Berkholtz Brewing company's storehouse, causing a loss of \$9,000, with \$1,500 insurance. The origin of the fire, which started in Mann's saloon, is a mystery. It was with difficulty that the bucket brigade saved the town from destruction.

Revolutionary Activity.
Nizeni-Novgorod, Aug. 15.—Revolutionists boarded a train on the Sar-mova railway and killed two sergeants of police, after which they escaped.

Attempt to Rob Railway Station Frustrated by Quick Work.

HIGHWAYMAN CAUGHT

At Hobart Station the Agent Was Ordered to Throw Up His Hands at a Lonely Hour.

Instead of Complaining He Dashed Out the Light and Gave Effectual Alarm by Telephone.

Crown Point, Ind., Aug. 15.—An attempt to hold up and rob the night man at Hobart station of the Pennsylvania railroad, near here, was frustrated by the quick wit of the agent, Ralph Ruckman, and one of the highwaymen was captured.

The affair occurred about 2 o'clock in the morning. Two men presented themselves at the ticket window with guns and commanded Ruckman to throw up his hands. Instead of complying he extinguished the one lamp that lighted the interior of the station and ducked behind a counter and made his way to a telephone, where he succeeded in arousing Fred Rose, city marshal, and Charles Traeger, a deputy, who engaged in a running fight with the robbers, and arrested one. The other made good his escape in the darkness after the ammunition of the officers had been exhausted.

The captured man gave his name as Henry Rochean, and said he is the father of the one that escaped. He had been employed at Gary, Ind., and was on his way east. The quick action of Ruckman, he said, prevented them from gaining an entrance to the station and frustrated their designs on the money drawer.

HELD HIM FAST

South Bend Young Woman Prevented an Alleged Swindler's Getaway.

South Bend, Ind., Aug. 15.—William B. Andrews, alias C. C. Williams, was arrested as he was about to board a train for Chicago. He was caught by Miss Margaret Loftus, a stenographer, and she held him until Policeman Derant arrived. It is alleged that Andrews swindled the young woman out of \$300, which he collected from her after offering her a position as stenographer in California at \$60 per month, the money to be used to buy transportation and a typewriter.

Dr. Kane Convalescens.

Crawfordsville, Ind., Aug. 15.—Dr. W. P. Kane, president of Wabash college, will be able to take up his college work at the beginning of the fall term. This is an authoritative statement, based on the improvement in his condition within the last few weeks. Dr. Kane was stricken with a very serious complication of troubles commencing week, a few hours after he had delivered the baccalaureate address. His condition gave much apprehension at the time, and even after he had rallied the physicians stated that he would be unfit for active work for a year at least. Absolute rest has wrought wonders in his case, however, and the symptoms that gave the greatest concern have disappeared. He now walks about the college grounds and takes a drive daily.

Death in Peculiar Manner.

Kentland, Ind., Aug. 15.—Ed DeForest met death in a peculiar way while working on a grain elevator at Foresman, a little town in this county. He was stripping the elevator with corrugated iron and was working between seventy and eighty feet from the ground when the sheet of iron slipped from his grasp and in its descent severed the rope that supported the scaffold upon which DeForest was working. He fell to the ground and died instantly.

Five Freight Cars Destroyed.

Winchester, Ind., August 15.—A through freight on the Big Four was wrecked at the eastern edge of this city. Seven cars were derailed. Five were burned. The falling of a draw-bar on one of the cars caused the smashup. The train was running at a speed of forty miles an hour. The cars were loaded with crude oil, sugar and electric light appliances. No one was hurt.

Woman Fell Thirty Feet.

Petersburg, Ind., Aug. 15.—While Miss Mary Glezen, former secretary of the Guarantee Building and Loan association, was leaning over the railing of a second-story veranda, the railing broke and she fell thirty feet to the ground, striking on her head. Her back and neck were injured, and her condition is very critical.

Found Dead in Bed.

Lafayette, Ind., Aug. 15.—Richard G. Odle, aged sixty-seven, ex-member of the state legislature, was found dead in bed. He came here from Warren county a short time ago, to enter his four children in Purdue.

Blew Top of Head Off.

Lapel, Ind., Aug. 15.—Harvey Crosson, aged fifty-four, committed suicide by blowing off the top of his head with a shotgun. He had been sick for a year.

Why Have a Dead Piano?

What Will You Take for Your
Silent Piano in Exchange for
a New One That You Can Play?

Your Piano may have cost you \$500. If you play yourself or have someone else who plays it well, it is doubtless worth all it costs you. If it stands idle and is never used, it would be an expensive piece of bric-a-brac, and an exceedingly poor investment at \$200. The fact that a piano is in your house is an evidence that you enjoy music and would like to have it.

We will take your dead Piano and put a living one in its place, allowing you all that your present piano is worth in part payment for AN AUTOPIANO.

The Autopiano

Is an excellent Piano that can be played in the usual way by any one who understands piano playing. The picture shows the secret panel open for the music roll, and the pedals, which makes it a self-playing piano for the use of anyone, even if without knowledge of a single note or key. The repertoire of the AUTOPIANO is unlimited, and in our music catalogue you will find everything from the classics to the popular ragtime songs of the day.

CARLIN & LENNOX,

5 and 9 East Market Street, Indianapolis.

HAVE THE STATE AGENCY FOR THIS PIANO.

COUNTY NEWS

Arlington.

The building boom is still on in Arlington.

Sam Sheppard, the popular post master, is building a very pretentious residence of ten rooms on Main street. Ira Allentharp is remodeling a fine residence and adding another story to the same, which will make a very elegant residence when completed.

Elihu Price has put a fine concrete sidewalk in front of his residence.

N. R. Farlow has returned from his western trip and again settled down to business at his old stand in Arlington.

J. S. Matthews and wife have again moved to their home in Arlington, where they expect to reside in the future. Mr. Matthews expects to handle produce to some extent and will be glad to buy all the fresh eggs that are brought to him, for which he will pay highest cash price. Mrs. Matthews will engage in her profession of nursing, and will attend to any calls with promptness and care.

The I. & C. Traction company is getting nearly all the local traffic between Arlington and Indianapolis.

Ranger.

You can see the poison Pine-les clears out the kidneys and bladder. A single dose at bed time will show you more poison upon rising the next morning than can be expelled from the system in any other way. Pine-les dissolves the impurities, lubricate the kidneys, cleanse the bladder, relieve pain and do away with head-ache speedily, pleasantly, permanently. Sold by Lytle's Drug Store.

Freemans.

Henry Harves finished threshing his timothy seed Tuesday morning.

Mr. Mires, of Andersonville, will teach the school at Freemans this winter.

John Linville took a load of wheat to Milroy Tuesday, and got soaked in the rain.

Mrs. Georgianna Griner, of Beuna Vista, is reported worse at this writing. Jim Hetrick was hauling shingles from Rushville last Saturday and attending to some other business affairs while there.

Mrs. Myrtle Krug has been on the sick list the past few weeks.

After several months of hard labor our old favorite decided to take a few days vacation and spending a day with his uncle up in old Ruh. He reports a fine time.

In an article printed by the Greensburg New Era, we saw where Editor Kaler, of Andersonville, says he finds discontent and ill will towards Congressman Watson everywhere. He says he never coveted office and never was seated at Jimmie's pie counter. Someone remarked once that if you wanted to see a mule kick pull his tail. I suppose the same thing answers with the camel, as this one has showed all signs of being a chronic kicker, yet he is a minister of the gospel and a Camellite by profession. He says he cannot consistently be

called a sorehead, yet he is sore at our Jim, and don't care who knows it. Yes, he is sore just because Uncle Sam done away with the little one-horse postoffice at Andersonville, and gave them free delivery. The editor says this man's Republicanism has never been questioned. The reason why it has never been questioned is that the Republicans gave him up long ago as a lost Prohi. He brags of being over the country, probably as much as any editor in the district, and says he finds discontent and ill will toward the Congressman. Yes, we know of one long trip he took when he followed the Red Men up to Alpine and after telling some of the boys about what great meetings he had held there, he asked one fellow if he had ever heard him pray, and the fellow said "no." "Why," he said, "you just ought to hear me pray. I even give it to Jim in my prayers." "Well," said the fellow, "It's a wonder that camel in you don't kick all the lights out of you."

When applied and covered with a hot cloth Pine-salve acts like a poultice. Best for burns, bruises, boils, eczema, skin diseases, etc. Sold by Lytle's Drug Store.

Weather Report.

Record of meteorological observations taken by Elwood Kirkwood, a co-operative observer of the Weather Bureau of the U. S. Department of Agriculture, at Maury, Ind., during the week ending Aug. 12, 1906. The instrumental readings are from Government standard instruments exposed in the manner recommended by the Chief of the Weather Bureau.

Carig, Mrs. Hattie Enis, Mrs. Lizzie Williford, Mrs. Arlie Wilson, Mrs. Peter Thompson, Mrs. Benne Ramsey, Mrs. W. F. Johnson, Mr. J. E. Pool, H. C. Duncan, Edward Blanchard, Clyde Dusinger (2), Charles F. Watson, S. Smith, J. E. Pool, William Redmond, Mr. Michaels, Roy James, Andrew Jacobs, Dick Glick, William A. Hendricks, H. H. Baker, R. G. Bachins, Charley Baker, C. Clark.

NEW YORK CITY IS TOO FAST FOR HIM

Rev. William J. H. Boeteker formerly minister of the German Presbyterian church at Shelbyville and editor of the Mental Antidote, a publication devoted to the working man's interests, will arrive in Shelbyville within a few days and take up his permanent residence in that city.

The Rev. Boeteker has been on a lecturing tour in the east for four months. He does not like New York City. He says: "To see several hundred thousand people who work in New York fight for a seat while crossing Brooklyn bridge or on the ferries to New Jersey or on the elevated trains or subways for 'up-town' is a sight I tell you. It is worse than a riot."

"The pace for life of New York business men is entirely too fast here and what does it mean to be successful in business in this city. A business man told me recently that it means to sacrifice everything that goes to make an ideal home-life pleasant. This rushing and racing, this constant fight in the struggle for the survival of the fittest, will ruin the nerves of any man. Why workmen will live with their families packed in houses like sardines, I cannot comprehend while there is still so much room out West."

BY THE WAYSIDE

The Republican has been called upon lately to record some phenomenal wheat yields in Rush county, but the item in our last weeks correspondence that a farmer in the southeastern corner of Noble township got 181 chickens from 114 eggs is a mistake. We make the correction before "poultry sharps" get hold of it and write it up for the farm papers. Noble is a very productive township, but the hens haven't got round to the habit of having twins. The item should have read 81.

The Republican office has just received a font of the latest Tiffany French script type for calling cards. Get your order early and be in the lead.

PEOPLES' COLUMN

Under this head we will print short discussions of public questions and timely topics, but the Republica will not be responsible for the opinions expressed—any are the opinions of the writers and not of the Republic. Nothing of a libelous nature or personal reflection will be printed. The writer must confine themselves to the question discussed. While the articles may be signed by a nom de plume, the name of the writer must be signed for identification.

The Secretary of State Prohibition Special

Rev. A. L. Crim, the nominee, of the Prohibitionists for Secretary of State, will be in Rush county Monday August 20th. He speaks in Milroy at 9 o'clock a. m., in Carthage at 1:30 p. m., in Rushville, on the street, at 6:00 and in Arlington at 7:30.

Clas. E. Newlin, former chairman of the State Committee and Rev. B. L. Dailey, our candidate for congress, will accompany him. Both make excellent speeches.

James E. Hawes, a former singing evangelist, will accompany the party, and his solos, accompanied by the handy "Baby" organ, will add much interest to the meetings.

We invite all temperance Democrats and Republicans to attend and listen candidly to our notions of the way the liquor question is to be settled. And if the anti-temperance sort will attend we will entertain whatever suggestions they may see fit to offer. None of the exercises will be dull.

Great crowds are attending the meetings of this "Special" wherever it goes, and we expect numbers here. There will be meetings of the same kind in all the adjoining counties, about the 23d and 24th. Shelby and Fayette meetings are dated earlier.

WALTER S. SMITH.

HOOSIERS IN COLORADO ORGANIZE SOCIETY

The Colorado Springs Gazette states that a permanent organization was effected recently at the "Hoosier" picnic at Stratton park and the following officers were elected: Dr. W. W. Arnold, president; L. O. Arms, secretary and S. T. Wolf, treasurer. The purpose of the organization is to hold a reunion each year.

During the afternoon 102 people, either residents or former residents of Indiana, registered. The oldest "Hoosier" to register was Ellen C. Woods, aged 78 years, formerly of Greensburg, Ind., the youngest being George Arms, three years old. After a social hour, during which several speeches were made, and a number of readings from the works of the "Hoosier" poet, James Whitcomb Riley, was given, supper was spread.

MANY PEARLS FOUND IN THE WABASH RIVER

Pearl hunting in the Wabash river, all along from the upper headwaters to its mouth, are becoming more and more popular, and pearl hunting parties are being formed in many of the towns along the river, and mussel shells are being dug up from the sand in the river and opened by the hundreds.

A boy in Wabash made a valuable find last week, when he opened a mussel shell and secured a \$40 gem.

There have been many big finds near the mouth of the Wabash river and at points near Vincennes, Ind., and it is more than probable that many more valuable ones will be found there when the people learn how to hunt them.

An expert pearl fisherman at Pearl has a barrellful of the pearls collected in both the Wabash and the Ed rivers. He has enough pearls big and little to make a queen's tiara, and among the lot are single ones that he has been offered tempting sums of money for.

LOCAL BREVITIES

Showers tonight and Thursday.

Mrs. Sterritt is ill at her home in Falmouth.

Will Dagler will take a string of fast horses to the Greensburg fair.

E. B. Poundstone has presented his daughter Anna with a nice horse and surrey.

The infant child of Mr. and Mrs. Howard Williams, of North Arthur street, is ill.

The Rebekah lodge at Falmouth will have degree work next Monday night. Ice cream and cake will be served.

C. F. Edgerton & Son have received two car loads of stock for the new home furnishing store which they will open in the Masonic Temple, Sept. 1st.

Washington, D. C. items, Indianapolis Star: Mr. and Mrs. Jesse Poe and Mrs. Monjar, of Rushville, are in Washington on their way home from New York City.

Lewis Cline, carrier on rural route No. 9 is taking a fifteen days' vacation under the new ruling. He will go to Cincinnati to spend a week with his daughter, Mrs. Chris. Bloomingdale.

This is fair week in Greensburg, and no doubt a great many people from Rush county will attend tomorrow and next day. Greensburg always has a good fair, and this year special efforts were made to excel former fairs.

T. J. Humes, president; D. C. Buell, vice president, and Thos. A. Jones, director of the Rush County Fair Association, went to Greensburg this morning to attend the Decatur county fair and to advertise the Rush county fair.

Prof. W. Otto Miessner, instructor of music in the Connersville public schools, has leased the second story of the new Odd Fellows building in that city, and will shortly open a conservatory of music, where voice, piano and violin instruction will be given.

The competition in the women's department of the Rush county fair is open to the world, and not confined to Rush county. This change was made by the directors last year in order to make the variety of exhibits in that department more interesting to the ladies.

The old settlers of Henry county will hold their annual meeting on the first Thursday in September, instead of on the first Saturday as has been the custom for some years. This year the meeting will be held on the Academy campus at Spiceland, Thursday, September 6th.

Greensburg Graphic: Miss Bertha Williams, of Rushville, is here for a visit with friends and to attend the fair.—Dave Springer, of Rushville, is here for a visit with friends and to attend the fair.—Walter Smith and James Garrison, of Rushville, spent Tuesday here with friends.

In a suit for ejectment James Stiers was given judgment in Mayor Hall's court Tuesday evening against William Bennett and family. The Bennett family have been residing in Mr. Stiers' house on West Third street, and as a result of the suit their goods were removed from the house.

Connersville Examiner: Louise, the little daughter of Mr. and Mrs. Omer Andre, is seriously ill of appendicitis. Dr. Sexton, of Rushville, was called into consultation last evening and while the little patient's condition is critical, it is hoped that an operation will not be necessary. This will be decided tonight or tomorrow.

Shelbyville Republican: Ernest Shanklin, of Rushville, whose untimely death occurred in the car shops at Rushville, Sunday morning, was a valued member of the I. O. O. F. lodge. His membership was in Franklin lodge No. 35, at Rushville. While Shanklin lived in Shelbyville several years ago he affiliated with Shelby lodge No. 39, and was highly esteemed by the members of the order in this city. He was also a member of the Encampment, was a Patriarch Militant and a Rebekah, branch orders of the Odd Fellows lodge. His wife is a member of the Rebekah lodge.

DON'T SPOIL YOUR CLOTHES
Use Red Cross Ball Blue and keep them white as snow. All grocers. 5c. a package.

For rubber tiring go to Amos Winship—put them on while you wait. 10w3

A marriage license has been issued to Clement Smith and Hazel Dawson.

Samuel L. Trabue, guardian of Irene Miller, has filed his inventory with the county clerk.

The pension board was in session today and a number of old soldiers were examined.

Congressman Watson will address the old settlers' meeting at Connersville tomorrow.

A fine boy was born early this morning to Mr. and Mrs. Jasper D. Case, of North Main street.

A man by the name of Trabue, living at Arlington, was arrested by Policeman Price this morning and lodged in jail on the charge of drunkenness.

The Rush County Fair Association has arranged a double entrance with two ticket offices, so that fair visitors can be accommodated expeditiously.

Today was another banner day for the Chautauqua. A great meeting is expected tonight, at which time L. B. Wickersham, the favorite of last year, will lecture.

George C. Wyatt and family, of this city, and Rev. J. H. McNeill and family, of Kokomo, will be entertained at dinner tomorrow by Miss Armstrong, of New Salem.

The will of the late Elizabeth Gard, of New Salem, was probated today. It provides that after all debts are paid certain portions of the personal property are to go to Rachael Stephens. The remainder of the estate is to go to the M. P. church at New Salem. Quincey Poston is named as executor. The estate is valued at about \$150.

The I. & C. traction company has built a passenger platform at the fair grounds 115 feet long, to accommodate a train of two cars, and the platform is so arranged that passengers can be discharged both through the rear door and through the baggage door. Everything is being done to handle fair visitors comfortably and quickly.

CHURCH NEWS

The conference of the Methodist Protestant church is being held in Greenfield this week, and the most important topic to come before the conference for discussion is the proposed union of the M. P. Congregationalist and United Brethren denominations.

—Mr. and Mrs. F. W. Warner, of Indianapolis, are the guests of the former's sister, Mrs. E. I. Wooden, and family. Mr. and Mrs. Warner are on their way home from a visit with relatives at Ottawa, Canada.

—J. N. Perkins, of Rising Sun, who has been visiting his daughter, Mrs. Fred Caldwell, left today for his home. He was accompanied by his little grandson, James, who will visit him. Mr. Perkins is cashier of the First National Bank at Rising Sun.

HAD THEIR DOUBTS

Suspicious at First, But Thos W Lytle Acknowledges the Truth Now.

"When we heard that a long Havana filled cigar, of regular size, was being retailed in the East for a nickel, we did not think it could be possible," said Thos W. Lytle to a Republican reporter. "If it could be done, we wanted to do it, and after a good deal of correspondence, we found that this cigar was made in Binghamton, and was called the Wadsworth Bros.' Chico."

"To make a long story short, we bought a small lot a short time ago, and to day are having regular shipments of 5,000 at a time, to supply the demand that has grown up for this cigar. Our best smokers enjoy it, and we recommend every smoker to see how good the Chico is."

WANTED TO RENT FARM
With everything furnished and I will do the work for one-third.

GOOD HOUSEKEEPERS
Use the best. That's why they buy Red Cross Ball Blue. At leading grocers, 5 cents.

SOCIETY NEWS

Miss Ruth Aldridge will give a hay ride this evening in honor of her guests, Misses Florence Mahin, of Connersville, and Miss Aldridge, of Indianapolis.

A number of young ladies of the city will give a sunrise dance tomorrow morning in the Woodmen hall, from 5 to 9. Paul Williams, of Morristown, will furnish the music.

Miss Margaret Schetgen pleasantly entertained a few friends at her home on North Harrison street, last night, in honor of Miss Tillie Kirchner, of Terre Haute. Dainty refreshments were served.

Miss Ruby Bitner, daughter of Dayton Bitner, and Oliver Ernest, very popular young people of Rush county, were married this morning. They left today for North Dakota, where they expect to locate.

Miss Bess Bebout, who will leave tomorrow for Spokane, Wash., accompanied by her sister, Mrs. Wood Study, will be married upon her arrival to Horace Williams, who is an electrical engineer with the Spokane & Inland railway. Mr. Williams was formerly with the Westinghouse company's representatives with the Indianapolis & Cincinnati Traction company in this city. Mr. Williams is a graduate of Purdue University.

Cross & Bunden threshers, closed their threshing season Monday at the home of W. J. Travis, where a reception was given by Mr. Travis in honor of every member of the company. Mr. Travis gave this reception because this is the last season in which the members of the outfit will follow the old way of taking their meals with the different farmers. At the reception ice cream and cake were served. The occasion was thoroughly enjoyed by all.

BY THE WAYSIDE

A young man who writes "feature" articles for the city papers, visited one of the State's insane asylums to get material for an article, and was shown over the establishment by one of the inmates, who was so intelligent that it was almost impossible to believe he could be out of his head.

"And what are you in here for, my man?" asked the journalist at length. Immediately a cunning look came into the man's eyes and he looked about him warily.

"I'll tell you if you keep it dark," he said, lowering his voice. "I have a mania for swearing. 'I write 'cuss words' all around. It's great sport. Why, they have to hire a man just to follow me round and rub 'em out. But, coming a little closer, 'I'll tell you a secret. I'm four 'damns' ahead of him and I've got 'hell' written all over your back."

A rope that had been used by the public executioner in the hanging of several murderers was sold at auction in London the other day and brought \$1.25.

LOW FARE TO GREENSBURG.
On account of the Decatur county fair at Greensburg, August 14th to 17th inclusive, the Big Four railroad will sell tickets at one fare for the round trip. Limit, good returning Aug. 18.
